

FEDERAÇÃO PORTUGUESA DE AEROMODELISMO

FAI EUROPEAN FLYING SCALE MODELS CHAMPIONSHIP F4B – F4C 2005

ACCOMMODATION

The accommodation will be in hotels and guest houses that have different prices, according to their category, all of them with the required comfort and service.

The differences of the prices in the accommodation board of Bulletin 2 are only in the price of the accommodation service and in the entry fee, because meals and banquet have the same price to all options.

So the prices for Team Managers and Competitors and the prices for Helpers and Supporters of the accommodation board, only differs, for the same category, in the amount of the entry fee.

In terms of quality of service they are equivalent, so:

A1 = C1 - single room in Guest Houses **

A2 = C2 - double room in Guest Houses **

A3 = C3 - triple room in Guest Houses **

B1 = D1 - single room in Hotel ***

B2 = D2 – double room in Hotel ***

Extra day prices include accommodation in the same category plus two meals.

If you prefer another program other than the proposed one, fewer days or different dates, you have to report your proposal and multiply the number of days that you require by the price of extra days, and add the correspondent price of banquet and fees.

On account of the modifications of the schedule, from ten days to seven days, the reduction to one class only, and the reduction of the number of judges, due to the reduced number of competitors, you must watch the 2nd version of the Bulletin 2, that we send to you now.

All the new documents are exposed on the EC page in the Internet.

If you have problems to understand or choose the options please let us know and contact us.

Thank you.
